Re: Parker-Davis Project, Firm Electric Service Contract Extension

Dear Ms. Gray:

Western's diligence in working with customers to arrive at language in the Firm Electric Service (FES) Contract Extensions that will work for all involved, most notably related to Section 12, is commendable. We appreciate your willingness to listen to Customers' comments and incorporate their suggestions when possible.

We have no disagreement with the latest comments from either Bob Lynch or Colorado River Commission. We concur with both parties that in cases where the Administrator determines to take action, 30 days to respond could be a difficult timeframe to meet, however this is not a point of contention for us. We would be glad to sign the FES Contract Extension as it now stands.

We appreciate our Parker-Davis Project Firm Electric Service resource and the way that Western administers that resource. It is always a pleasure to work with you and your staff and we look forward to receiving the final contract revision for execution.

Sincerely yours,

Charles W. Slocum  
General Manager
